

# Volunteering with the Friends of South Pass & South Pass City State Historic Site

---

## School Tour Guides

### *What would I do?*

1. Lead school tours.
2. Conduct demonstrations of historic mining & milling technology.
3. Review of historical documents & images for use in the tours.

### *What skills do I need?*

1. Experience with school age kids
2. Don't be afraid we will train you!

### *What is the Schedule?*

1. SPC has school tours in May, June & September
2. There will be a training session in May
3. Each tour is scheduled individually
4. Typical tours are weekdays from 10 am to 2 pm

### *What impact will I have?*

Each year we host nearly 2000 school kids. SPC history is part of the statewide 4th grade curriculum & we give the kids the big tour of town & the Carissa Mine. Volunteers man stations & teach about that station. You may help them catch the gold fever prospecting or teach them to gamble in the Miners Exchange Saloon. In the end you will help Wyoming Kids learn about Wyoming history!

We have a mileage stipend to help with your travel!

### *How do I sign up?*

1. Use the following contact info!
